pharrell williams discography torrent - a track i actually wasn't sure if i would actually post on the site. this track was produced by chuck inglish & pharrell williams and features not only p but christina aguilera, usher, jermaine dupri, janet jackson, & natalie cole on the track. it was originally released in may 1997 but we still get to hear it in 1997 here. i was not sure about sharing this because it was under the "new old" category, the "new old" category was released in 1997 but really they are just like old tracks which were never released as singles (a lot of fans think they were done for the album but really were not) you can read more about this album by clicking on the below link. pharrell williams discography torrent - a remix of pharrell's next single from g i r l. i actually don't think this actually was ever officially released but i always loved the remix version which had janet jackson on it. another great unknown classic by pharrell here. you can find this by clicking on the below link. pharrell williams discography torrent - if you think the title of this is the most ironic thing i've ever seen, then i respectfully disagree but this is pretty much the second single from this album and it features usher who is paired up with pharrell with christina aguilera and natalie cole backing them up. i don't understand why this was never done as a single for the album.
